Professional Experience

Foundation for Economic Education   05/2018 – present │ Atlanta, GA
Senior Full Stack Web Developer Associate
As the Lead Web Developer, I am responsible for adding features and maintaining the organization's main website fee.org and its sub-domains. This position required the following stack: *ASP.NET MVC, C#, WebApi, React.js, Umbraco CMS, SQL Server, AWS, TeamCity CI* and more. Some of the key achievements accomplished in this role:
- Increased website load speed by 50%.
- Reduced production release time from 22 to 8 minutes.
- Led the migration to modern web technologies such as: React.js, BootStrap 4, and Webpack.
- Created a progress tracking module with anonymous tracking support integrating HubSpot CRM.

Foundation for Economic Education   12/2017 – 05/2018 │ Atlanta, GA
Web Developer Intern
Some of the key achievements in this role:
- Improved website uptime from 99.86% to 99.96%.
- Learned iOS development in a week to add features and maintain the ThinkEcon app.
- Awarded the employee of the month on the very first month of employment.
